

1. We ask that all DJs on the Deep and Soulful channel contribute a small subscription of £5/month (paid via PayPal) to help cover the bandwidth costs of an unlimited podcast and listen-again service. At the time of writing, this contribution is not obligatory on our other channels, but as awareness increases this situation is likely to change, so please be prepared for this in the future.
2. Our broadcast licensing terms require us to keep records of all tracks played on the station, so we require you to submit the full playlist for every show using our administration interface. This is done as part of posting your show for listen-again and podcast, which also enables your listeners to find out the names of the tracks you have played.
3. We expect you to actively promote your show, via posting on other relevant websites, e-mail campaigns etc., to ensure that both parties gain equal amounts of exposure.
4. If your show is, at the time of acceptance to this agreement, exclusive to SSRadio, then you agree to notify us in advance if you plan to syndicate the show to any other online stations.
5. Although highly unlikely, we reserve the right to terminate your agreement and show with us at any given time.
